Address the recipient as **Dear Secretary Burgess:**

Express your specific concern in your letter – migratory birds, raptors, bats, loss of tourism, diminished property values. Be polite. We need to make our case as responsible caring individuals.

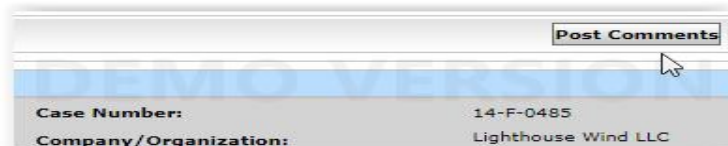

Provide your name, your address (at least your town) and any connection to the area (resident, seasonal resident, tourist, family in the area, etc).

Or, post a comment to the Department of Public Service site:

In your browser, search for **NY DPS 14-F-0485**

Go to the URL titled <http://documents.dps.ny.gov/public/MatterManagement/CaseMaster.aspx?MatterCaseNo=14-F-0485>

Click on the “Post Comments” button, toward the upper right of the page

Provide your name, address (at least your town), e-mail, and your comments in the fields indicated. Again, be respectful and polite, but state your objection to the proposed project.

If you wish, you may attach any file in pdf format you feel appropriate, as shown at the bottom of the comment form. This may be any relevant article, such as an article concerning bird mortality from wind turbines in migratory areas, loss of property values, health effects, etc..

At the bottom of the page, click on the “I am not a robot” box, then on the “Post Comment” button.

You will receive an e-mail from the DPS that your comments has been received and will be reviewed for content.

THANK YOU!! Every comment helps.
